SUMMARY

Dedicated MERN Stack Developer with expertise in creating dynamic and responsive full-stack web applications. Proficient in React.js, Node.js, Express.js, and MongoDB, with a strong focus on building scalable and efficient solutions. Skilled in crafting seamless user experiences and optimizing performance.

SKILLS

React.js JavaScript Node.js Express.js MongoDB HTML & CSS Tailwind CSS Git & Github Python

Experience

Frontend Developer Intern
Unified Mentor Private Limited
15/03/2024 - /15/04/2024

- Collaborated on various web development projects using React.js, HTML, CSS, Tailwind CSS and JavaScript.
- Utilized React components and state management to efficiently handle data and create dynamic web applications.
- Implemented React Router for seamless navigation and routing within the web applications.
- Worked closely with the team to integrate RESTful APIs and consume data in React components.

PROJECTS

Chatty 🔗 Demo

A real-time chat application built using the MERN stack.

- **Real-time Messaging:** Chat with other users in real-time using Socket.io.
- **User Authentication:** Secure signup and login functionality using JWT-based authentication.
- **Online Users:** View a list of online users on the home page.
- **Profile Management:** View user-specific information on the profile page.
- **Theme Customization:** Choose from a variety of themes on the settings page.
- **Responsive Design:** Optimized for different screen sizes using Tailwind CSS.
- **Technologies Used:** React.js, React Router, Zustand, Node.js, Express.js, MongoDB, Socket.io, Tailwind CSS, Daisy UI.

Book Store Web App 🔗 Demo

Designed and developed a full-stack bookstore web application with authentication and user management.

- **User Authentication:** Secure signup and login using JWT-based authentication.
- **Book Browsing:** View recently added books and explore all available books.
- **Cart & Favourites:** Add books to the cart and favourites for easy access.
- **Order Management:** Place Cash on Delivery (COD) orders and track order status.
- **Admin Panel:** Manage books (add, update, delete) and update order status.
- **Profile Management:** View favourite books, check order status, and update address.
- **Responsive Design:** Optimized for all screen sizes using Tailwind CSS.
- **Technologies Used:** React.js, Redux, React Router, Node.js, Express.js, MongoDB, JWT, Bcrypt, Tailwind CSS.

Interior Design Website 🔗 Demo

Developed a modern, responsive website for an interior design startup.

- **Glass-morphism Effect:** Implemented a glass-morphism effect for a sleek, modern look.
- **Responsive Design:** Applied responsive design principles to ensure an optimal user experience across desktops, tablets, and mobile devices.
- **Multi-Section Layout:** Created multiple sections to showcase the startup's services.
- **Technologies Used:** React.js, Tailwind CSS, Framer Motion for animations.

EDUCATION

Bachelors of Engineering – Computer Science Engineering

CMR Institute of Technology, Bengaluru

📅 2019 - 2023
